

# CUMULATIVE YEAR-END INDEX—1996

## SMALL ANIMAL AUTHOR INDEX

### A

- Ackerman, L., 987,  
*Veterinary Exchange* (October insert)  
 Allen, D., 53  
 Ambrogi, C., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Aucoin, D. P., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)

### B

- Bagley, R. S., 605, 795  
 Barton, C. L., 153  
 Bechuk, T., 651  
 Bednarski, R. M., 899  
 Bergström, K., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Blagburn, B. L., 485  
 Boothe, D. M., *Veterinary Exchange*  
 (June insert), 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Bradley, J. S., 963  
 Brewer, W. G., 869  
 Bruyette, D. S., 15, 255

### C

- Cardini, G., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Carlotti, D. N., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Carter, P. B., 421  
 Cerri, D., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Coates, J. R., 205  
 Codner, E. C., 237  
 Constantinescu, G. M., 855  
 Cook, J. L., 853  
 Cotard, J. P., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Critser, J. K., 781

### D

- Daniloff, J., 625  
 Dayrell-Hart, B., 1099  
 de Jong, A., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 de Lahitte, J. D., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Down, L. K., 65  
 Dryden, M. W., *Veterinary Exchange*  
 (October insert)  
 Dubey, J. P., 774  
 Dubielzig, R. R., 29, 143  
 Dykes, N. L., 899

### E

- Eddlestone, S. M., 774

### F

- Ferguson, J., 1191  
 Ford, R. B., 1053  
 Fowler, J. D., 395  
 Franklin, A., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)

### G

- Göbel, T., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Gookin, J. L., 407  
 Greek, J. S., *Veterinary Exchange* (October insert)  
 Greko, C., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Griffin, C. E., 237  
 Grindem, C. B., 421

### H

- Habron, J. M., 153  
 Hall, J. A., 879  
 Hanson, R. R., Jr., 203  
 Harari, J., 651, 1185  
 Harrington, M. L., 795  
 Hawkins, E. C., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Hellyer, P. W., 1085  
 Henderson, R. A., 919  
 Hepler, D. I., 485  
 Heukamp, U., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Honeckman, A. L., 113  
 Horn af Rantzen, M., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Hosgood, G., 151, 625, 774, 1007  
 Hoskins, J. D., 348, 774

### I

- Ihrke, P. J., *Veterinary Exchange*  
 (June insert), 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)

### J

- Johnson, K. A., 29, 143

### K

- Kapustin, N., 781  
 Kelch, W. J., 485  
 Knapp, D. W., 113  
 Koch, H. J., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Krawiec, D. R., 65  
 Kriebler, R., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Kwochka, K. W., *Veterinary Exchange*  
 (June insert)

### L

- Larson, R. L., 965  
 Layton, C. E., 253  
 Lees, G. E., 279  
 Lemarie, S. L., 554  
 Lewis, D. D., 131  
 Lincoln, J., 651  
 Lindsay, D. S., 485  
 Lloyd, D. H., *Veterinary Exchange* (June insert)  
 Lynn, R. C., 485

### M

- MacDonald, J. M., *Veterinary Exchange*  
 (October insert)  
 Marder, A., 975  
 Mathews, K. A., 1117, 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Mauterer, J., 55  
 McCall, J. W., 375  
 McKeever, P. J., 759  
 McKellar, Q. A., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 McLaughlin, R. M., 1164  
 Meintjes, E., 625  
 Minihan, A., 53  
 Moore, K. W., 225, 381  
 Moriello, K. A., *Veterinary Exchange*  
 (October insert)  
 Mörner, A. P., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Muir, P., 29, 143  
 Myer, C. W., 899

### N

- Neer, T. M., 55  
 Neiger, R., 461

### O

- Owen, T. J., 253

### P

- Pavletic, M. M., 1285  
 Perkins, P. C., 421  
 Peter, A. T., 781  
 Peters, S., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Philibert, D., 395

### Q

- Quandt, J. E., 101

### R

- Rawlings, C. A., 101, 373, 745  
 Read, R. A., 225, 381  
 Reagan, W. J., 113  
 Reid, P. J., 975  
 Relford, R. L., 279  
 Remedios, A. M., 1191  
 Rippey, N. S., 485  
 Ritchie, G. C., 485  
 Rochat, M. C., 199  
 Rogers, K. S., 153, 267  
 Roush, J. K., 1164  
 Rubin, G. J., 639

### S

- Scardino, M. S., 919  
 Scheer, M., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Scrivani, P. V., 899  
 Seguin, B., 651  
 Senior, D. F., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Sharp, N. J., 407  
 Simpson, B. S., 1067, 1203  
 Simpson, D. M., 1067, 1203  
 Smeak, D., 53  
 Speciale, J., 1099  
 Stegemann, M., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Steiner, J. M., 15, 543  
 Stone, E. A., 407  
 Swaim, S. F., 203, 919  
 Swank, A., 1007

### T

- Thatcher, C. D., 1305  
 Theisen, S. K., 151  
 Tillson, D. M., 1164  
 Tobias, K. M. S., 745  
 Tomlinson, J. L., 853  
 Tucker, R., 795

### V

- Valentine, A., 53  
 Vaughan, J. L., 485

### W

- Washabau, R. J., 1517, 1527  
 Wasmer, M. L., 267  
 Weigand, C. M., 869  
 Wetstein, H., 2d *Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)  
 Wilkie, D. A., 667  
 Williams, D. A., 543  
 Williams, J., 667  
 Wilson, E. R., 919  
 Wohl, J. S., 1215  
 Wright, B., 1085  
 Wright, J. C., 485

### Z

- Zaslloff, R. L., 459

# CUMULATIVE YEAR-END INDEX—1996

## SMALL ANIMAL AUTHOR INDEX

## A

- Ackerman, L., 987,  
*Veterinary Exchange* (October insert)  
 Allen, D., 53  
 Ambrogi, C., *2d Int Vet Symp*  
*Fluoroquinolones Proc* (February insert)

## VOLUME 18 SMALL ANIMAL PAGINATION

<i>Issue</i>	<i>Pages</i>	<i>Issue</i>	<i>Pages</i>
January	1-75	July	729-805
February	89-164	August	841-933
March	185-295	September	953-1019
April	337-427	October	1041-1123
May	449-547	November	1145-1225
June	593-679	December	1273-1337

## SMALL ANIMAL SUBJECT INDEX

## A

- Allergy testing, serologic, for dogs (see dermatology)
- Androgen deprivation, pharmacologic, 267-277, 295
- androgen physiology, 267-269
- androgen-sensitive disorders, 269
- pharmacologic androgen deprivation in dogs, 272-274
- pharmacologic androgen deprivation in humans, 269-272
- Anesthesiology
- pain, postoperative, reducing for dogs, local anesthetic and analgesic techniques, 101-111, 140
- anesthetic-opioid combinations, 110
- effects and recovery, 109-110
- mechanisms of action, 102-103
- techniques for regional analgesia, 103-109
- respiratory monitoring during anesthesia, pulse oximetry, capnography, 1083-1097
- capnography, 1089-1094
- pulse oximetry, 1086-1087
- respiratory physiology, 1085-1086
- Antidepressants (see behavioral pharmacotherapy)
- Antimicrobial therapy (see fluoroquinolones)
- Antipsychotics (see behavioral pharmacotherapy)
- Anxiolytics (see behavioral pharmacotherapy)

## B

- Bacterial skin disease in dogs (see fluoroquinolones)
- Behavior
- behavioral pharmacotherapy
- antipsychotics and antidepressants, 1067-1081
- antidepressants, 1072-1080
- antipsychotics, 1069-1072
- neurotransmitters, 1067-1068
- psychopharmacologic agents, 1068
- anxiolytics and mood stabilizers, 1205-1215
- anxiolytics, 1203-1208
- mood stabilizers, 1208-1209
- other drugs, 1209-1210
- practice of behavioral pharmacotherapy, 1210-1211
- behavior problems, canine, behavior modification, obedience, and agility training, 975-983, 1018
- agility training, 982-983
- behavior modification, 975-978

- learning principles, 978-982
- obedience classes, 982

## C

- Canine immune-mediated hematologic disease, diagnosis of (see hematology)
- Cardiology
- chemodectoma in dogs, 253-265
- benign versus malignant tumors, 255-256
- clinical signs, 256
- concurrent neoplasia, 254
- diagnosis, 256-262
- histopathology, 255
- incidence and signalment, 254
- prognosis, 262-264
- treatment, 262
- tumor location, 254-255
- Chemodectoma in dogs (see cardiology)
- Compendium Challenge, The, 774-779
- Corneal wound healing, role of growth factors (see ophthalmology)
- Cranial cruciate ligament injury (see orthopedics and How I Treat...)
- Critically ill patient, antimicrobial therapy in the (see fluoroquinolones)
- Cytology during surgery, 153-163
- case examples, 159-160
- cytology of neoplasia, 154-156
- evaluating biopsies and surgical margins, 159
- has it spread?, 156-159
- inflammation or neoplasia?, 153-154
- lymphoma, 159

## D

- Demodicosis, canine (see parasitology)
- Dermatology
- allergy testing, serologic, for dogs, 237-249
- commercial testing, 239-246
- intradermal tests, 237
- in vitro tests, 237-239
- bacterial skin disease in dogs (see fluoroquinolones)
- dermatologic diagnosis, pattern approach to (see Perspectives in Veterinary Medicine)
- flea allergy dermatitis, prevention and treatment of, *Veterinary Exchange* (October insert)
- otitis externa, 759-773
- anatomy of the external ear, 759-760
- diagnosis and management, 766-771
- external factors and conditions

- predisposing to otitis externa, 760-766
- pathophysiology of otitis externa, 760

- pyoderma, canine, *Veterinary Exchange* (October insert) (see also fluoroquinolones)
- Disk extrusion, lateral and foraminal, in dogs (see neurology)
- Dyslipoproteinemia of chronic renal failure, relevance to canine progressive kidney disease, 65-74
- dyslipoproteinemia, 66-68
- lipoprotein chemistry and classification, 65-66
- renal disease and hyperlipidemia, 68-70
- species comparison, 66

## E

- Enrofloxacin (see fluoroquinolones)
- External skeletal fixation, closed repair of tibial and radial fractures with (see orthopedics)

## F

- Feline friends, a new appreciation for, 459
- Feline trypsinlike immunoreactivity in feline exocrine pancreatic disease (see Perspectives in Veterinary Medicine)
- Flea allergy dermatitis, prevention and treatment of (see dermatology)
- Flow cytometry (see Perspectives in Veterinary Medicine)
- Fluoroquinolones, *2d Int Vet Symp Fluoroquinolones Proc* (February insert)
- bacterial skin disease in dogs, new trends in systemic antibiotic therapy of, 140
- critically ill patient, antimicrobial therapy in the, 166
- enrofloxacin
- experiences with in small animal dermatology, 135
- kinetics of antibacterial activity after administration of in dog serum and skin, 130
- respiratory tract, use in infections of the (abstract), 121
- urinary tract infections, use of in management of, 189
- exotic animals and small mammals, clinical use in, 149

# SMALL ANIMAL SUBJECT INDEX—CONTINUED

exotic animals, clinical use in (abstract), *I58*  
 intracellular-intraphagocytic dynamics, *I9*  
 in vitro bactericidal activity and postantibiotic effect, *I22*  
 kidney transplants, antimicrobial considerations in dogs receiving (abstract), *I58*  
 pharmacologic properties, clinical relevance of the, *I14*  
 prostatic infections in the dog, treatment of, *I84*  
 pyoderma  
   antibiotic sensitivity of *Staphylococci* isolated from cases of canine (abstract), *I48*  
   antimicrobial treatment of German shepherd (abstract), *I59*  
 respiratory tract infections, lower, antibiotics for, *I59*  
 urinary tract infections and metritis in dogs, antibiotic sensitivity of bacterial isolates, from (abstract), *I96*

## G

Gastrointestinal hemorrhage, acute, 1517-1525, 1527-1537  
   diagnostic plan, 1518-1525  
   history, 1518  
   nonspecific therapy, 1530-1534  
   physical examination, 1581  
   signalment, 1517-1518  
   specific therapy, 1527-1530  
 Gunshot wound management (see wounds)

## H

Heartworm disease, canine (see How I Treat)  
 Hematology  
   canine immune-mediated hematologic disease, diagnosis of, 113-127  
     anemia, 114-118  
     pathophysiology, 115-114  
     thrombocytopenia, 118-124  
   lipemic patients, clinical management of, 1053-1065  
     clinical signs, 1055-1056  
     diagnostic considerations, 1056-1058  
     hyperlipidemia, 1055-1055  
     management, 1058-1064  
 Hip dysplasia, canine, pathophysiology, diagnosis, and treatment of (see orthopedics)  
 How I Treat...  
   cranial cruciate ligament injury, 1185-1187  
   heartworm disease, canine, 548-550, 569  
 Hypertrophic osteodystrophy and calvarial hyperostosis (see orthopedics)

## I

Immunologic principles and immunization strategy, 963-971  
   animal factors of immunology, 965-966  
   basic immunologic principles, 963-965  
   environmental factors, 966  
   handling of vaccines, 969  
   immune response failure, 969  
   obstacles to planning a vaccination program, 969-970  
   vaccine types, 966-969  
 Incontinence, urinary, in dogs and cats

diagnosis and management, 525-540, 547  
   decreased urethral pressure, 527-556  
   increased urethral pressure, 525-527  
   urethral pressure profilometry, 407-419, 426  
     effects of sedation, 410-412  
     electromyography, 414-416  
     physiology of urethral pressure, 407-408  
     profilometry technique, 408-410  
     urethral pressure profiles, 412-414  
 Insulinoma, canine (see oncology)  
 Intracranial pressure in dogs and cats (see neurology)  
 Intrahepatic shunts, surgical techniques for extravascular occlusion of, 745-755  
   anatomy of the liver, 745-746  
   general surgical principles, 746-752  
   portosystemic shunts of the central and right divisions, 752-753  
   portosystemic shunts of the left division, 752  
   prognosis for intrahepatic shunt ligation, 753  
 Intranasal tumors in dogs, diagnosis and treatment (see oncology)

## K

Kidney transplants (see fluoroquinolones)

## L

Laparoscopy (see surgery)  
 Leptospirosis, canine, 1215-1225, 1241  
   clinical syndromes, 1216-1220  
   diagnosis, 1220-1222  
   leptospires, 1215-1216  
   treatment, 1222-1224  
   vaccination, 1224  
   zoonosis, 1224  
 Lipemic patients, clinical management of (see hematology)

## M

Magnesium, disorders of in critical illness (see potassium)  
 Mandibular fractures in dogs, managing (see orthopedics)  
 Metritis (see fluoroquinolones)  
 Minimally invasive surgery, laparoscopy and thoracoscopy (see surgery)  
 Mood stabilizers (see behavioral pharmacotherapy)

## N

Nephrotic syndrome in dogs, diagnosis and treatment, 279-295  
   diagnostic investigation, 280-284  
   history and physical examination, 279-280  
   treatment, 284-291  
 Neurology  
   disk extrusion, lateral and foraminal, in dogs, 795-805  
   clinical presentation, 796  
   diagnostic differentials, 796-797  
   diagnostic testing, 797-798  
   functional anatomy, 795-796  
   pathophysiology, 796  
   treatment, 798-805  
   intracranial pressure in dogs and cats, 605-621  
   in pathologic states, 609-618

measuring, 607-609  
 normal intracranial physiology, 605-607  
 signalment, recognizing uncommon and diagnostically challenging neurologic diseases in dogs, 1099-1115  
 abnormal neuron metabolism, 1099-1104  
 abnormalities of gross structure: spinal dysraphism, 1109  
 astrocyte proliferation: fibrinoid leukodystrophy, 1108  
 axoplasmic transport disorders, 1104-1105  
 disorders of unknown pathophysiology, 1109  
 myelin disorders, 1105-1108  
 spinal cord trauma, acute, pharmacologic treatment of, 625-636  
   discussion, 630-631  
   treatment methodologies, 626-630  
 Nitric oxide donors, endogenous and exogenous (see Therapeutics in Practice)  
 Nonsteroidal antiinflammatory analgesics to manage acute pain in dogs and cats (see Therapeutics in Practice)  
 Nutrition  
   (n-3) fatty acids, potential adverse effects of long-term consumption of, 879-895  
   (n-3) fatty acid supplementation, 880-892  
   polyunsaturated fatty acids, 879-880  
   nutritional needs of critically ill patients, 1305-1313, 1337  
   assessment, 1306-1310  
   malnutrition versus starvation, 1305-1306  
   requirements, 1310

## O

Oncology  
   insulinoma, canine, 13-25  
     antineoplastic treatment, 16-21  
     cause and pathophysiology, 13  
     clinical history and physical examination, 14  
     diagnosis, 14-16  
     emergency treatment, 16  
     pathology and natural behavior, 14  
     prognosis, 22  
     signalment, 14  
     staging, 16  
     symptomatic therapy, 21-22  
   intranasal tumors in dogs, diagnosis and treatment, 131-139  
     diagnosis, 132-133  
     diagnostic differentials, 132  
     epidemiology, 131  
     history and clinical signs, 131-132  
     therapy, 133-137  
   sarcomas, vaccination-site, in cats, 869-875  
     causes, 871  
     epizootiology, 869-971  
     precautions, 872  
     risk assessment, 871-872  
     treatment, 874  
 Ophthalmology  
   corneal wound healing, role of growth factors, 1007-1017  
   anatomy, 1007-1008  
   characteristics of commonly studied growth factors, 1009-1012  
   growth factors in tears and aqueous humor, 1012

## SMALL ANIMAL SUBJECT INDEX—CONTINUED

- healing of the endothelium, 1008-1009  
 healing of the epithelium, 1008  
 healing of the stroma, 1008  
 persistent corneal erosion, 1014  
 role of fibronectin and growth factors, 1012  
 use of growth factors, 1012-1014  
 ultrasonography of the eye, 667-677  
 abnormalities, 670-674  
 examination, 669  
 normal findings, 669-670  
 patient preparation, 667-669
- Orthopedics**  
 cranial cruciate ligament in dogs, rupture of the, 225-234, 381-391, 405 (see also, How I Treat...)  
 anatomy, 225-224  
 ancillary procedures, 389  
 biomechanics, 224-225  
 clinical features, 381-382  
 comparison or results, 385-389  
 diagnosis, 382-385  
 epizootiology, 382  
 pathogenesis, 225-231  
 postsurgical care, 389  
 treatment options, 385-385  
 external skeletal fixation, closed repair of tibial and radial fractures with, 651-665  
 advantages, 652  
 application of the fixator with closed reduction, 655-659  
 clinical cases, 661-665  
 complications, 661  
 indications, 652  
 postsurgical care, 661  
 radial and tibial anatomy, 659-661  
 hip dysplasia, canine, pathophysiology, diagnosis, and treatment of, 855-867  
 biomechanics, 855  
 diagnosis, 855-860  
 pathophysiology, 854-855  
 treatment, 860-865  
 hypertrophic osteodystrophy and caivalar hyperostosis, 145-151  
 cause, 144-146  
 clinical features, 145-144  
 histopathologic features, 144  
 other unusual hyperostotic bone diseases of dogs, 148-150  
 radiographic features, 144  
 treatment and prognosis, 146-148  
 mandibular fractures in dogs, managing, 511-525  
 anatomy and biomechanical principles, 511  
 management, 511-522  
 panosteitis, 29-33, 63  
 cause, 31-32  
 clinical features, 29  
 histopathologic features, 30-31  
 radiographic features, 30  
 treatment and prognosis, 32  
 proximal femoral physis, fractures of, in dogs, 1164-1182  
 anatomy of the canine coxofemoral joint, 1164  
 anatomy of the canine physis, 1170  
 blood supply to the canine femoral head, 1164-1170  
 classification of physeal fractures, 1170-1171  
 complications, 1178  
 diagnosis and causative factors, 1171  
 management options, 1171-1177  
 prognosis, 1178  
 Otitis externa (see dermatology)
- P**  
 Pain, postoperative, reducing for dogs, local anesthetic and analgesic techniques (see anesthesiology)  
 Panosteitis (see orthopedics)  
 Parasitology  
 canine parasites, prevalence of, based on fecal flotation, 485-510, 525  
 results and discussion, 504-508  
 survey findings, 485-489  
 survey methods, 489-504  
 demodicosis, canine, 354-369  
 clinical disease, 356-357  
 history and diagnosis, 357-360  
 mite species, 354-355  
 pathogenesis, 355-356  
 recurrence, 366  
 surgical sterilization, 366  
 treatment, 360-366  
 heartworm disease, canine (see How I Treat...)  
 melarsomine, a new heartworm adulticide (see Therapeutics in Practice)  
 Peritoneopericardial diaphragmatic hernia in cats, 461-479  
 case reports, 461-468  
 discussion, 468-477  
 Perspectives in Veterinary Medicine  
 dermatologic diagnosis, pattern approach to, 987-1003  
 feline trypsinlike immunoreactivity in feline exocrine pancreatic disease, 543-547  
 flow cytometry, 421-426  
 Phosphorus, disorders of in critical illness (see potassium)  
 Pneumothorax, spontaneous, in dogs, 53-63  
 Prostatic infections in the dog (see fluoroquinolones)  
 Proximal femoral physis, fractures of, in dogs (see orthopedics)  
 Pyoderma, canine (see dermatology and fluoroquinolones)
- R**  
 Radiography, restraint methods for in dogs and cats, 899-917  
 chemical restraint, 902-907  
 physical restraint, 899-902  
 recommendations for diagnostic radiography, 907-914  
 Reconstructive surgery, use of muscle flaps in, 395-405  
 classification, 396-398  
 examples, 398-402  
 indications, 395-396  
 selection criteria, 398  
 terminology, 396  
 Respiratory monitoring during anesthesia, pulse oximetry, capnography (see anesthesiology)  
 Respiratory tract infections, lower (see fluoroquinolones)
- S**  
 Sarcomas, vaccination-site, in cats (see oncology)  
 Sex steroid metabolites excreted in feces and urine of nondomesticated animals, analysis of (see zoo animal medicine)  
 Signalment, recognizing uncommon and diagnostically challenging neurologic diseases in dogs (see neurology)  
 Spinal cord trauma, acute, pharmacologic treatment of (see neurology)
- T**  
 Splenomegaly in dogs and cats, clinical approach to, 35-49  
 anatomic and functional differences between dogs and cats, 35-36  
 causes of generalized disease, 36-37  
 causes of localized disease, 36  
 clinical approach, 37  
 diagnostic procedures, 37-46  
 localized versus generalized splenomegaly, 36  
 prognosis, 46  
 Surgery, minimally invasive, laparoscopy and thoracoscopy, 1191-1199  
 equipment, 1192-1193  
 laparoscopy, 1194-1196  
 operative instruments, 1193-1194  
 thoracoscopy, 1196
- T**  
 Therapeutics in Practice  
 melarsomine, a new heartworm adulticide, 373-379  
 nitric oxide donors, endogenous and exogenous, 659-647, 678  
 nonsteroidal antiinflammatory analgesics to manage acute pain in dogs and cats, 1117-1123  
 Thoracoscopy (see surgery)
- U**  
 Ultrasonography of the eye (see ophthalmology)  
 Urethral pressure profilometry (see incontinence)  
 Urinary tract infections (see fluoroquinolones)
- W**  
 Wounds  
 gunshot wound management, 1285-1299  
 ballistics, 1285-1286  
 destructive capacity of projectiles, 1287  
 legal considerations, 1294-1298  
 management, 1288-1294  
 projectile caliber, design, and composition, 1286-1287  
 projectile velocity, 1286  
 projectile weapons, 1287-1288  
 pressure wounds, 203-219  
 in large animals, 212-217  
 in small animals, 203-212  
 wound closure, enhancing, on the limbs, 919-953, 951  
 relaxing incisions, 927-933  
 skin-stretching and tension sutures, 921-927  
 undermining, 921
- Z**  
 Zoo animal medicine  
 sex steroid metabolites excreted in feces and urine of nondomesticated animals, analysis of, 781-792  
 measuring sex steroids in peripheral blood and their metabolites in feces and urine, 782  
 methodologies, 782-784  
 reproductive applications and potential problems with excretory steroid analysis, 784-788

## EQUINE SUBJECT INDEX

### A

Anesthesiology  
  anesthetic techniques and  
    considerations in foals, 307-313  
  elective procedures in healthy foals,  
    308-309  
  gastrointestinal disorders, 311-312  
  musculoskeletal injury, 310  
  ocular trauma, 310-311  
  positioning, 308  
  preliminary considerations, 307-308  
  seizures or cranial trauma, 310  
  uroperitoneum, 309-310  
  hyperkalemic periodic paralysis,  
    anesthetic management of horses  
    with, 1050-1059  
  clinical signs, 1050-1051  
  diagnosis, 1051-1052  
  intraoperative monitoring,  
    1055-1056  
  pathogenesis, 1051  
  preoperative preparation, 1052-1053  
  prevention and treatment, 1053-1055  
  recovery period, 1056

Arthropod parasites, biology and control  
  of, 551-558  
  fleas, 553  
  flies, 554-557  
  lice, 553  
  ticks and mites, 551-555  
  Arytenoid chondritis, diagnosis and  
    treatment of in horses, 812-818  
  anatomy, 814  
  clinical signs and diagnosis, 812-813  
  objectives of arytenoidectomy, 813-814  
  outcome, 815-816  
  surgical technique, 814-815  
  terminology, 814  
  Asphyxia, perinatal, 1342-1351, 1355  
  case study, 1349-1350  
  causes, 1342-1343  
  clinical evaluation and diagnosis,  
    1344-1345  
  clinical findings, 1345  
  outcome, 1347  
  pathophysiology, 1345-1344  
  prevention, 1347-1349

treatment, 1345-1347  
Athletes, feeding equine (see nutrition)

### C

Cantharidiasis, equine, 77-83, 87-88  
  blister beetles, 77-78  
  clinical signs, 78  
  clinicopathologic features, 79-80  
  diagnostic aids, 80-81  
  prevention, 81  
  prognosis, 82  
  treatment, 81-82

### D

Diarrhea, cryptosporidial, in foals,  
  298-306, 315  
  clinical signs, 300  
  control and prevention, 305  
  diagnosis, 300-301  
  epidemiology, 299-300  
  life cycle and pathogenesis, 298-299  
  treatment, 301-305  
  zoonotic considerations, 303

# EQUINE SUBJECT INDEX—CONTINUED

## E

- Electrolyte replacement, nasogastric, in horses, 942-951  
 calculating fluid and electrolyte losses, 945-945  
 calculating maintenance fluid requirements, 945  
 case examples, 945-948  
 gastrointestinal regulation of fluid balance, 942  
 how fluid and electrolyte losses occur, 945  
 physiology of thirst in horses, 942-943  
 practical gastric electrolyte replacement regimens, 945  
 safety of gastric fluid volumes administered, 945  
 tonicity of fluids given orally or by nasogastric tube, 945
- Endurance rides, management of horses participating in (see Equine Rounds)
- Equine Forum  
 heat-related illness and fluid deficits in eventing horses, 937-941  
 large colon, displacement of, conservative versus surgical management, 84-87  
 rectal tears, equine, critical steps in managing, 1140-1145  
 three-day combined training event, summer Olympic games, 450-453, 445
- Equine Rounds  
 ganglion, lameness caused by in a mare, 1352-1353  
 hepatic dysfunction and photodermatitis secondary to alsike clover poisoning, 1022-1026  
 management of horses participating in endurance rides, 566-567  
 photosensitivity in horses, 1026-1029  
 postexertional ileus and exercise-induced hyperthermia, 563-566  
 postexertional ileus in an Arabian gelding, 559-563  
 soft tissue masses, imaging modalities for evaluating, 1353-1354
- Estrous cycle, effect of on performance in athletic mares, 692-699  
 problems related to behavior, 693-694  
 review of the estrous cycle, 692-693  
 treatment options, 694-697

## G

- Ganglion, lameness caused by in a mare (see Equine Rounds)

## H

- Heat-related illness and fluid deficits in eventing horses (see Equine Forum)
- Heat stress, exercise and, thermoreg-

- ulation and clinical disorders associated with, 436-445  
 factors that influence thermoregulation, 438-439  
 fluid and electrolyte losses with prolonged exercise, 439-440  
 heat production during exercise, 437  
 mechanisms of heat dissipation, 437-438  
 medical problems, 440-443  
 thermoregulatory failure, 440
- Hepatic dysfunction and photodermatitis secondary to alsike clover poisoning (see Equine Rounds)
- Hyperkalemic periodic paralysis, anesthetic management of horses with (see anesthesiology)

## L

- Laparoscopy, abdominal, 1251-1240  
 complications, 1257-1259  
 equipment, 1251-1253  
 indications, 1253  
 patient preparation, 1253  
 technique for diagnostic standing laparoscopy, 1253-1255  
 technique for laparoscopy through the ventral abdomen, 1255-1256  
 ventral abdominal laparoscopic procedures, 1256-1257
- Large colon, displacement of, conservative versus surgical management (see Equine Forum)

## N

- Nutrition  
 athletes, feeding equine, 175-182  
 determination of body condition, 175  
 feeding to meet energy requirements, 176-178  
 feeding to meet protein requirements, 178-180

## O

- Omeprazole, antiulcer drug (see Update on Equine Therapeutics)
- Orthopedics  
 racing injuries, risk factors for, 682-691  
 early studies, 683-684  
 future directions, 689  
 national study, 687-688  
 new link between nutrition and injuries, 689  
 regional studies of multiple risk factors, 685-687  
 research in other countries, 688-689  
 risk factors for specific types of injury, 684

## P

- Perinatal asphyxia (see asphyxia)
- Photosensitivity in horses (see Equine Rounds)
- Postexertional ileus (see Equine Rounds)

## R

- Racing injuries, risk factors for (see orthopedics)
- Radiographic contrast media, use of in horses, 167-174  
 arthrography, 168  
 cystography, 173  
 dacryocystorhinography, 172  
 esophagography, 169-170  
 fistulography, 168-169  
 gastrointestinal contrast studies, 172-173  
 myelography, 170-171  
 paranasal sinusography, 171-172  
 tendonography, 171
- Rectal tears  
 rectal tears, causes and management, 1151-1159, 1145  
 anatomy, 1151-1152  
 causes, 1152  
 classification, 1153-1154  
 clinical manifestation, 1154  
 initial management, 1154  
 prevention, 1152-1153  
 prognosis, 1158  
 treatment of grade I tears, 1154  
 treatment of grade III and grade IV tears, 1153-1158  
 rectal tears, equine, critical steps in managing (see Equine Forum)

## S

- Soft tissue masses, imaging modalities for evaluating (see Equine Rounds)

## T

- Three-day combined training event, summer Olympic games (see Equine Forum)
- Twin pregnancy in mares, management of (see Update on Equine Therapeutics)

## U

- Update on Equine Therapeutics  
 omeprazole, antiulcer drug, 1228-1230, 1240  
 twin pregnancy in mares, management of, 808-811, 818

## W

- Wounds, pressure, 205-219  
 in large animals, 212-217  
 in small animals, 205-212

## VOLUME 18 FOOD ANIMAL PAGINATION

<i>Issue</i>	<i>Pages</i>	<i>Issue</i>	<i>Pages</i>
January	S1-S48	July	820-840
February	S49-S96	August	S145-S208
March	314-336	September	S209-S256
April	S97-S144	October	S257-S304
May	568-592	November	1242-1272
June	700-728	December	1556-1584

## FOOD ANIMAL AUTHOR INDEX

### A

Angelos, J. A., S17, S275  
Angelos, S. M., S17, S275

### B

Bade, D., S53  
Basaraba, R., S57  
Bliss, D. H., S115  
Braun, U., S61, 1255

### C

Coates, J. R., 205  
Cullor, J. S., S51

### D

Davis, I. S., 350  
Deutscher, G. H., S248  
Divers, T. J., 703  
Dritz, S. S., S222

### E

Ebel, E., S105

### F

Fecteau, G., S17, S275  
Friesen, K. G., S157, 1568

### G

Gardner, C. E., S291  
George, L. W., S17, S275  
Gleason, D., 825, 1558  
Glenn, J. S., 582  
Goodband, R. D., S127, S157, S222, 1568

### H

Hall, M., S105  
Hanks, D., S105  
Hanson, R. R., 203

Henry, S. C., S220  
Holm, A., S26  
House, J. K., S17, S275

### J

Jacobsen, K. L., S137, S242  
Jones, R., 1244  
Jones, T., S169

### K

Kasari, T., 823, 1244, 1558  
Kearley, B., S105  
Kirk, J. H., 582  
Kolb, J. R., S75  
Krysl, L. J., S115  
Kuchinka, G. D., 350  
Kuhl, G., S296  
Kunkel, A. J., S41  
Kvasnicka, W. G., S105, S115

### L

Larson, B. L., S119, 571  
Laudert, S. B., S250, S264  
Lehman, F. D., S174  
Lopez, M. J., S189

### M

Markel, M., S189  
McFarlane, B. J., S57  
McGaffin, J. R., 350  
McGrann, J. M., S199  
Moore, D. A., 712  
Moore, G. M., S11

### N

Nagaraja, T. G., S250, S264  
Nelssen, J. L., S127, S157, S222, 1568  
Nichols, D., S296

### P

Parrott, J. C., S250, S264  
Poulsen, H. D., S26  
Pusterla, N., 1255

### R

Rains, J. R., S174  
Richert, B. T., S127  
Rogers, G. M., S180

### S

Shryock, T. R., S14  
Smith, B. P., S17, S275  
Smith, J., S296  
Smith, W. L., S51  
Spire, M. F., S180  
Stokka, G. L., S57, S296  
Swaim, S. F., 205

### T

Thurmond, M. C., S275  
Tokach, L. M., S220  
Tokach, M. D., S127, S157, S222, 1568  
Toombs, R. E., S85  
Torell, R. C., S115  
Tubbs, R., S216

### V

Van Anne, T., S296  
van der List, M. J., S169  
Van Metre, D. C., S17, S275  
Varga, G., 712

### W

Wikse, S. E., S199, 1244  
Wild, K., 1255  
Wilson, D., S189  
Winkelman, N. L., S19

## FOOD ANIMAL SUBJECT INDEX

### A

#### Amino acid

amino acid estimates for swine, a review of current, S157-S167, S175, 1568-1575  
essential amino acids for grower-finisher pigs, 1568-1570  
growth models, S158-S159  
ideal protein, 1570-1571  
limiting amino acids for grower-finisher pigs, S159-S164  
low crude protein, amino acid-supplemented diets, 1571-1572  
techniques for determining amino acid requirements, S157-S158  
amino acid requirements for lactating sows, new developments (see Swine Nutrition Management Update)

### B

Beef Cattle Nutrition Management Update  
pasture improvement programs, the impact of on beef cattle production, 853-859  
Beef producers, expanding opportunities for service to (see Feedlot Production Management Update)  
Beef Production Management  
implants, a valuable tool for the cattle-

feeding industry, S174-S177, S206  
Bovine spongiform encephalopathy, a fact sheet for veterinarians, 725-727  
Bovine trichomoniasis, current concepts in the control of (see Cow/Calf Production Management Update)  
Bulk tank somatic cell counts, manipulating (see Dairy Production Management Update)

### C

Cerebrospinal fluid, postmortem collection of from a pig (see Swine Production Management Update)  
Clostridial vaccines, injection-site reactions to (see Feedlot Production Management Update)  
Cow/Calf Herd Investigation  
fenbendazole in a strategic deworming program, S115-S117  
Cow/Calf Production Management Update  
bovine trichomoniasis, current concepts in the control of, S105-S111, S125  
fee schedules, setting, S85-S94  
pelvic measurements in beef replacement heifers and bulls, S248-S254

standardized performance analysis, S199-S206

### D

Dairy Production Management  
bulk tank somatic cell counts, manipulating, S169-S175  
financial performance of family dairy farms, S291-S295, S504  
total mixed-ration feeding, S41-S46  
Dairy Production Management Update  
hot and humid climates, well-being of dairy cows in  
housing and effects of heat stress, S157-S145  
reducing stress, S242-S247, S254  
Diarrhea, *E. coli*, zinc oxide in treating pigs after weaning (see Swine Nutrition Management Update)

### E

Endotoxin and disease in food animals, S51-S59  
antibiotic therapy and endotoxin release, S54  
clinical signs associated with disease: mediator shock, S53-S54  
components of the gram-negative bacterial endotoxin complex, S51-S52

# FOOD ANIMAL SUBJECT INDEX—CONTINUED

endotoxins, exotoxins, and enterotoxins, S34  
*Escherichia coli* 0157:H7 and verotoxins, S34-S35  
 experimental findings, S35-S36  
 gram-negative bacterial disease, S32-S33  
*Limulus* assay, the, S36-S37  
 lipid-A, S32  
 vaccines and endotoxin content, S35

## F

Fee schedules, setting (see Cow/Calf Production Management Update)  
 Feedlot Production Management Update  
 beef producers, expanding opportunities for service to, S180-S187, S198  
 clostridial vaccines, injection-site reactions to, S57-S59, S83  
 heat stress in feedlot cattle, S296-S302  
 liver abscesses in feedlot cattle causes, pathogenesis, pathology, and diagnosis, S230-S241, S256  
 incidence, economic importance, and prevention, S264-S275  
 Fenbendazole in a strategic deworming program (see Cow/Calf Herd Investigation)

## H

Heat stress in feedlot cattle (see Feedlot Production Management Update)  
 Hot and humid climates, well-being of dairy cows in (see Dairy Production Management Update)

## I

Ileitis, an update (see Swine Production Management Update)  
 Implants, a valuable tool for the cattle-feeding industry (see Beef Production Management)

## L

*Laussonia intracellularis* and swine enteric disease, S11-S17  
 clinical manifestations and syndromes, S11-S12  
 experimental diagnostic techniques, S14  
 experimental reproduction, S13-S14  
 future strategies for intervention, S15  
 identification, characterization, and taxonomy of the causative agent, S12  
 pathology, S12  
 propagation, S12-S13  
 treatment, S14-S15  
 significance and incidence, S11  
 Ligament injury in the bovine stifle, S189-S198  
 anatomy, S189-S190  
 lateral collateral ligament injury, S191-S192  
 medial collateral ligament injury, S190-S191  
 rupture of the cranial cruciate ligament, S192-S196  
 Liver abscesses in feedlot cattle (see Feedlot Production Management Update)

Llamas, intravenous catheterization of the external jugular vein in, S30-S36  
 anatomy, S30-S31  
 catheter maintenance, S34-S35  
 technique, S31-S34

## M

Mastitis in ewes, S582-S591  
 acute mastitis, S582-S584  
 focal chronic mastitis, S586-S587  
 somatic cell counts for mastitis detection, S587-S589  
 subclinical mastitis, S584-S586

## P

Pasture improvement programs, the impact of on beef cattle production (see Beef Cattle Nutrition Management Update)  
 Pelvic measurements in beef replacement heifers and bulls (see Cow/Calf Production Management Update)  
 Penicillin therapy in bovine practice, 703-709, 721  
 formulations and routes, 703-704  
 indications, 704-708  
 label recommendations, 708  
 mechanisms of action, 704  
 pharmacokinetics, 704  
 toxicity and side effects, 708  
 Pregnancy wastage in beef cattle, immunization to decrease available vaccines, S71-S80  
 which diseases?, S71-S78  
 immunologic principles, S119-S125  
 immune response, S119-S122  
 immunization programs, S123  
 vaccine types, S122-S123

## S

Standardized performance analysis (see Cow/Calf Production Management Update)  
 Swine health management (ABVP) certification program, S216-S219  
 Swine Nutrition Management Update  
 amino acid requirements for lactating sows, new developments, S127-S135, S143  
 diarrhea, *E. coli*, zinc oxide in treating pigs after weaning, S26-S29, S48  
 Swine Production Management  
 vaccination and medication via drinking water, S75-S83  
 Swine Production Management Update  
 cerebrospinal fluid, postmortem collection of from a pig, S220-S221, S229  
 ileitis, an update, S19-S25

## T

Total beef calf production, herd management practices that influence, S23-832, 1538-1566, 1375  
 growth promotants, 1363  
 hybrid vigor, 1358-1360  
 ill-thrift conditions of calves, 1363-1364  
 inherited growth potential, 1362-1363  
 low milk production of the dam, 1360-1362  
 low numbers of calves weaned, S24-S27  
 low percentage of calves born early in

calving season, S27-S30  
 risk factors impacting weaning weight, S23-S24  
 Total mixed-ration feeding (see Dairy Production Management)

## U

Ultrasonographic examination of the liver and gallbladder in cows  
 abnormal findings, 1255-1270  
 diffuse hepatic disease, 1259-1262  
 hepatic abscess, 1255-1258  
 hepatic tumor, 1258-1259  
 other ultrasonographic abnormalities, 1262-1268  
 normal findings, S61-S73, S96  
 anatomic considerations, S61  
 centesis of hepatic abscesses, S66  
 cholecystocentesis, S66-S70  
 measuring the liver and vessels, S64-S66  
 percutaneous biopsy, S66  
 preparation of the cow, S61-S62  
 subjective assessment of hepatic structure, S62-S64  
 ultrasonographic examination, S62  
 Urea nitrogen testing in dairy cattle, BUN and MUN, 712-721, 728  
 blood or milk sample?, 717-718  
 diurnal variation, 715-716  
 health effects of high dietary protein, 718-719  
 normal levels, 717  
 other causes of abnormal BUN or MUN, 717  
 postpartum interval and PUN, 717  
 protein and urea nitrogen, 714-715  
 what does BUN reflect?, 712-714  
 why is urea nitrogen important?, 712  
 why MUN instead of BUN?, 712  
 Urolithiasis, obstructive, in ruminants  
 medical treatment and urethral surgery, S17-S28  
 medical treatment, S18  
 surgery of the urethra, S18-S27  
 surgical management and prevention, S275-S289, S302  
 cystotomy, S276  
 outcome, S278-S279  
 postoperative treatment, S278  
 results, S279-S285  
 tube cystotomy, S277-S278

## V

Vaccination and medication via drinking water (see Swine Production Management)

## W

Wounds, pressure, 205-219  
 in large animals, 212-217  
 in small animals, 205-212

## Y

Yearling bulls, use of, in beef cattle operations  
 economic analysis and fertility assessment, 1244-1253, 1271  
 economic analysis, 1245-1247  
 fertility assessment, 1247-1251

5

6
